Here are brief minutes from the meeting on 1/17/12.

Attending: John Barnes, Tom Bassett, Miles Caples, Tammy Giacomazzi, Diane Grover, Rick Long, Mike Wyant, Julie Zielke

Tom Bassett provided three drawings of a possible building project based on the committee's discussion and recommendations from the December 13, 2011 meeting. For those who were not able to attend, the drawings are attached. It is essential to remember that the drawings are not detailed and that the placement of any particular space or facility has not been decided. In other words, the drawings are still ideas. The drawings include a floor plan, a site plan and a 3 dimensional perspective.

The next facilities committee meeting will be on Tuesday, March 13, 2012 at 5:00 p.m. in the school library. The school board will hold a 30 minute facilities study session on Thursday, February 16 in the school library. The meeting is tentatively scheduled for 6:00 p.m. The hope is that Tom Bassett will be available to describe the plan and answer questions. The exact time of the meeting will be provided as soon as it is known. Facilities committee members are invited to attend.
