1. Introduce/orient new committee members

New committee members who were able to attend were introduced and given a brief orientation to the committee's work.

2. Review priorities list that is being discussed at community meetings

The priorities that were identified by the original facilities committee were shared and discussed. John Barnes asked about improvements to outdoor athletic facilities, an item that was not on the initial priority list. (After the meeting Tom Bassett committed to looking at the site of the existing athletic facilities and the adjacent district property in an attempt to get some idea of what a range of outdoor facilities improvements might cost.)

3. Plan additional community meetings

The list of planned community meetings was presented. A suggestion was made to either have a community meeting or facilities committee members present to answer questions at the family night on April 19.

4. Misc. / Next meeting date

The next committee meeting is scheduled for Tuesday, April 19 at 5:00 p.m. in the school library.
