Gateway to Excellence

Facilities Study Committee Minutes May 7, 2009

Attending: Lori Anderson, Diane Grover, Keith Vradenburg, Mike Wyant

Tom Bassett of Forte Architects

1. Study and Survey

We reviewed the community / staff Input from April 8 public meeting. Tom will be in the district during the morning of May 18 to gather additional comments from staff and community members. The list from April 8 follows.

- Physically separate the Middle School and High School
- Provide a student commons
- Remodel kitchen and provide a community facility as part of a cafeteria
- Remodel elementary, particularly for HVAC and access/exit safety
- Redesign athletic fields
- Add a second science lab
- Redo technology infrastructure (particularly telephone system)
- Increase storage

Tom will look at our blueprints to consider ways that the district might be able to make more effective use of the available space. The district is not eligible for state match for additional space.

2. Appraisals

The district received the appraisals for the Olin property and the district's vacant lot.

3. Next meeting

We did not set a date for our next meeting.
