Facilities Study Committee Minutes March 12, 2009

Attending: Lori Anderson, Miles Caples, Diane Grover, Keith Vradenburg,
Randy Whitehall, Mike Wyant

Tom Bassett of Forte Architects

1. Study and Survey

- a. Tom Bassett told the committee that the process starts with him getting to know how the school works and how the facility serves the operation. He recommended that a public meeting be held early in the process to determine how parents and community members view the present use and operation of school facilities and how future use is envisioned.
- b. A public meeting was scheduled for Wednesday, April 8 from 7:00 – 8:00 p.m. in the library. The meeting will be advertised in The Leader (Chamber of Commerce newsletter), on the district's web site, and in the district newsletter. Committee members are encouraged to invite parents and community members to the public meeting.
- c. Timeline: The study and survey should be completed within one year of being initiated.

2. Other / Next meeting date and time

We scheduled our next committee meeting for Thursday, May 7 at 4:00 p.m. in the Home Economics room.
